

Educational Pathways Program

Go.Forward

Dear Parent/Caregiver,

A Head Start Program with TADMA has been organised for up to 10 students targeting students from years 10,11 & 12, to strengthen VET, School Based Traineeship pathways and employment opportunities within the Timber and Hardware industry. As part of the Educational Pathways Program, TADMA is offering a pre-apprenticeship skills course in the timber and hardware industries. The highly interactive four-day program includes learning about timber and hardware industries, from the design and manufacturing process all the way through to products being in the trade customer's hand. The purpose of the Head Start initiative is to help students, gain relevant units of competency, identify potential career pathways through vocational training, work experience and links to industry.
