## CAPA (Creative and Performing Arts)

The CAPA faculty had an amazing, action packed and fun filled Term 3. Year 12 and staff were heavily involved in the completion and finalisation of their HSC major works in Music, Art and Drama. Many hours of blood, sweat and tears went into these exemplary pieces of work. Excursions went out to see Art Express at the Tamworth Regional Art Gallery, which exhibits the best 2016 NSW HSC Art works. We hosted 50 future Primary students and gave them a taste of what's on offer here at Oxley in our "Out of the box" Workshop experience! Oxley Live was again on show giving us a taste of our best performing students here at Oxley. Drama students performed Live at the Drivers Expo. CAPA Council was at it again fundraising and handing out awards to students who have achieved excellence in the CAPA faculty.

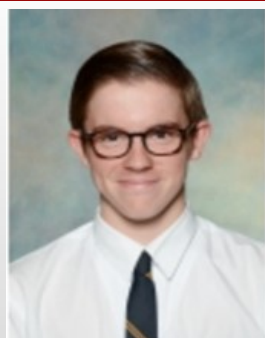

### 'Out of the box'

Last term, Oxley hosted 50 Primary students from our surrounding local schools and gave them a taste of what it is like to be here on campus. Four workshops were organised by our staff. Mrs Jury-Radford held manipulative sculpture classes. Mrs Hill arranged fashionista photographic sessions. Mr Parnell got down and dirty beating up some boxes in unique drumming sessions and finally Stage Performance was offered by Ms Creighton who blew away the crowd with their unique interpretation of Goldilocks and the three bears. Year 6 had an amazing time and we cannot wait to see them here at Oxley in the future. A big thanks again to all the teachers involved and CAPA council for manning the BBQ once again!

## **Student Achievement**

Geordie Brown is a student who has represented Oxley in many ways but if you ever get the chance to see him in action, you know he places a lot of time and effort into the creative nature. This being his final year, he has made remarkable achievements and we would all like to congratulate him on his achievements and wish him the best of luck into the future.

- 2017 –invited by professional short film company to be script supervisor in charge of continuity, filming in Manilla with actors such as Gary Sweet on a five day shoot.
- Interviewed a number of times on ABC radio and local TV about his films.
- Represented his school when he was asked to sing solo the National Anthem in the TREC for the Tamworth Australia Day Ceremony 2017.
- Represented Oxley in many roles, lead and ensemble in many Tamworth Musical Society Productions ie. Sound of Music, Sunset Boulevard, Phantom of the Opera, Suessical and My Fair Lady.
- Drama performance International Night 2013
- State Finalist Rotary Public Speaking 2017
- State Finalist Public Speaking NSW DET 2017
- State Finalist Debating NSW DET 2017
- Represented School and Rotary at MUNA and was voted by his peer participants Most Outstanding Delegate two years in a row.
- While doing all this he has for years studied violin and voice at the Tamworth Regional Conservatorium of Music.

### **A rising star in the Performing Arts**

Year 11 Drama student Mitchell Lewin is quickly attaching a list of credits to his name in the performing arts. Most recently, Mitchell has been accepted into the State Drama Ensemble, an elite band of performers that will perform at 2017's State Drama Conference later this year. Prior to this, Mitchell was selected to attend NSW's State Drama Camp where his final project culminating from his time at the camp (a self devised group performance in which he was a main contributor to its process) was selected to be performed for industry practitioners and teachers at the State Drama Conference.

Closer to home, Mitchell was hand selected for his obvious potential by Rob McDougall to participate in master classes in voice coaching and stagecraft provided by a crew of Sydney professionals that came for the Epiphanies performances at the Capitol Theatre earlier in the year. He was also asked to represent the State Schooling platform recently for Education Week in Dance, another area in which he is excelling and you will find him filling musical theatre roles in Tamworth Musical Society productions on the weekend.

His class work in Drama is also impressive. Mitch helped lead the development of the picture book “I Have A Black Dog” into a group-devised piece in Greek Tragedy style.

Mitchell has just performed as a featured artist, singing and dancing his way through CAPERS 2017.

## Girls Basketball

On Tuesday the 10th of October the under 15 girls' basketball team headed away to Byron Bay to play for a spot in the top 8 of the state.

After a long haul on the bus, and an afternoon at the beach the girls were ready to take on the opposition. The girls realised early in the 1st quarter they were in for a fight, they were down 7-4 in the 1st quarter. 2nd quarter ended with an 11 all draw with Georgia Griffiths scoring 7 points to level the game at half time. After a pep talk from coach Gina Watt at half time the girls came out firing to end the 3rd quarter in our favour 15-19. Going into the 4th quarter the Year 9 girls took the court knowing they had to give it their all if they were to win that spot in the top 8. Despite the humidity the girls played to the best of their ability with Georgia scoring 3 goals straight up followed by Jada Ison scoring 3 and then Georgia scoring again to end the game with a score of 17-29 with great vocal support from the sideline by the rest of the team. It was an all-round team effort with Georgia Griffiths standing out in scoring with a total of 19 points and Samantha Schuberth standing out in the rebounding and defence.

The team: Year 7- Zarli Humble, Josie Humble, Zhara Hudson.

Year 8- Imogen Collett, Lori Rivenell.

Year 9- Ronika Brown, Abbey Prout, Jada Ison, Georgia Griffiths, Samantha Schuberth.

# HALLOWEEN

On Halloween, the new Year 12 students ran their first charity event for the school. Students enjoyed the day with spooky cupcakes, icecream spiders and a photo booth. The students are raising money for their charity 'Beyond Blue' which promotes good mental health and provides support and information on anxiety, depression and suicide. A big thank you to all of the students who supported the students and made this day a huge success.

Term 4—2017

Update

The end of Term 3 saw the Year 12 Clontarf participants embark on the journey of a life time to Far North Queensland. Cairns was the destination of this year's major senior camp with 4 boys reaching the criteria for the camp which included above 85% school attendance, high involvement at trainings and afternoon activities as well as consistent effort in their schooling. The boys had the opportunity to wake board at the Cable Wake Park, board the Sky rail at Kuranda, shop at the famous night markets, snorkel off Fitzroy Island and visit a crocodile farm.

The trip had many enjoyable aspects; however, as with any major camp, the boys were asked to prepare and conduct a corporate presentation to one of Clontarf's prospective partners and on this occasion, it was Tropical Reef Shipyard. This was a great leadership opportunity for our fellas where they were able to practice their communication skills with an adult audience. On the last day of the trip we got together with Trinity Bay, Dalby and Cairns State High Clontarf academies for an afternoon of basketball and sharing stories.

Oxley Academy

Update

Term 4—2017

During Week 2 of Term 4, the Singleton Academy hosted the regional table tennis tournament camp. Oxley took two sides away comprising of a guns and a funs team to compete against some of the best table tennis players in the North West and Upper Hunter region. The camp included a cultural bush walk through the Baiame Caves and each boy participated in a community activity, which included:

- Fundraising BBQ for the SES
- Establishing a greenhouse at Milbrodale Public School
- Selling raffle tickets to raise money for the Cancer Council
- Community Garden Maintenance
- Developing the Support Unit's vegie garden

The Northern NSW Table Tennis Tournament was held on Thursday night in the Singleton High School Multipurpose Centre. Each team had the opportunity to play every attending academy. The boys were well behaved for the duration of the tournament and played some outstanding table tennis. Both of the finals were close, with Moree taking out the Funs Competition and Bourke taking out the Guns Competition.

## **Congratulations Isabelle!**

A huge congratulation to Isabelle Daley of Yr 11 on being 1 of 100 selected in the state to represent Oxley High School at the NSW Schools Constitutional Convention to be held in November at Parliament House in Sydney.

The selection process was on the topic of The Commonwealth of Australia Constitutional Act- Section 44. In which Isabelle had to write an extended response to: "Do the disqualifications for members of parliament as listed in section 44 of the Australian Constitution adequately reflect modern Australian society? and should this section of the constitution be updated?"

As a result of Isabelle's response and selection, our local Federal Member of Parliament, Barnaby Joyce, was very impressed with the way she expressed her argument, as this is a matter close to his heart, he personally acknowledged her for her efforts.

As this is a huge topic of interest at the moment, the ABC Radio caught wind of Isabelle's response, her selection and acknowledgement from Hon. Barnaby Joyce and called her to organise an interview to discuss her selection to attend the Schools Constitutional Convention.

We wish Isabelle all the luck and we hope you impress.

How are local teenagers interpreting the constitutional crisis gripping the nation's parliament?

**Oxley High School** Year 12 student Isabelle Daley has written a mini essay about the situation, arguing that Australia is a multicultural society and the constitution should change to better reflect the community.

The essay has won her a position at the NSW Schools Constitutional Convention at Parliament House in Sydney in November.

Good luck Isabelle, we're sure you'll impress them.

## **Links to Learning program – Year 9 students**

The Links to Learning program ran again in 2017 for selected Year 9 students. It is a partnership program between TAFE and local high schools designed to engage students and help prepare them for their post-school future. It also allows students to gain first-hand experience in the TAFE environment to allow them to make an informed decision in choosing TAFE or the Senior school as an educational option.

The students studied Animal, Hair and Beauty, Automotive and Construction modules. They were also involved in community programs on campus and through field trips. These included first aid, a youth bullying forum, a visit to the Army Reserves, Headspace, UNE, Centrecare, Woolworths, and a fitness program. They attained Certificate II in their chosen field and can now choose to build their formal qualifications with further certificates in future years. On completion of the program the students will be given priority when enrolling in courses next year.

# **YOUTH FRONTIERS PROGRAM**

A huge congratulations to the students participating in the Youth Frontiers program. After six months of intense work and commitment we still have the original 16 students who commenced involved in project completions.

Last Wednesday all students attended an excursion to Tamworth Youthie, to set up projects for their Showcase Presentation to community and family. We were very fortunate to have state MP Kevin Anderson attend. Mr Anderson showed great interest in each project spending over an hour walking around and discussing ideas with each student. What amazing young ambassadors for Oxley High these young people have become. The staff at Tamworth Youthie questioned Mr McPherson on which high school we came from. They complimented all our students on their amazing behaviour and beautiful manners.

The showcase organised by YWCA coordinator Ashley Walton was a fantastic display and celebration of the work and input of our students and their community mentors.

The aim of the Youth frontiers Program has been skills development for lifelong learning. The use of SMART goals has seen education expanded to include the following skills; Planning, teamwork, communication, problem solving, task management and organisation experience. We have developed confidence and self-belief in areas of public speaking, action planning and implementing goals. Exposure to high profile community & civic leaders such as the Mayor of Tamworth, Kevin Anderson our local parliamentary state representative and Education professionals such as Ruythe Dufty, Regional Director of Education at Pitch Day in the UNE centre have been amazing experiences for these students. Constructive feedback from community organisations and groups enabled fine tuning of projects which has led to implementation for students and their mentors.

Areas explored include: homeless services, financial risk, animal welfare, vegetable growing for elderly, recycling and sustainable gardening, native gardens, children's playground development, pollution, mental health, body image, bullying, white ribbon & Pink, say no to family violence.

Thank you to the families for allowing permission and supporting your children throughout the past 6 months of project development. How exciting for you to see your child acknowledged at the showcase and the opportunity to meet their mentors as well.

A big thank you to those the staff that were able to attend and celebrate our student's achievement at the showcase. Mr King will remember the night for some time due to his awesome support given to Mr McPherson and the students' over the last 6 months.

Projects and student experiences will be presented in future Logbook editions.

## Year 6 Taster Lessons

This term, future Oxley High School students have participated in a range of taster lessons. This has provided the opportunity to meet other students who will form the Year 7 2018 cohort, meet teachers and tour the school.

Students have engaged in activities including decorating biscuits in Food Tech, making doorstops in Woodwork, visiting the animals in Agriculture, counting in French and conducting experiments in Science. The next exciting events on the calendar are the Transition Disco and Orientation Day.

Year 6 students will attend Orientation Day on Tuesday 5th December. Ms Lauren Beckinsale is the Year 7 Year Advisor for 2018.

## Out and About...

Mr Radford and his Year 11 Agriculture class 'dress up' for their Farm Product Study excursion to Teys Abattoirs in Tamworth.

## Futsal news...

A massive congratulations to Lachlan Wilson, Daniel Peel, Jeremiah Barbara and Matthew Peel who have recently received the news they have been selected in Australian Futsal sides.

Lachlan and Daniel will tour Italy late in 2018 with the under 16 side and Jeremiah and Matthew will tour Brazil with the under 15's. The boys have worked hard all year on their football skills and fitness though the Talented Athlete Program and the rewards are evident with their national selection. The Oxley community wish them all the best with their overseas adventures next year.

During the recent school holidays Bridey O'Neil represented Far North NSW at the National School Futsal Championships in Brisbane. She was selected for her performance during the competition earlier this year at Coffs Harbour where the OHS girls team won.

This was a great experience for her and she was put into the U14 team as they could not field an U12 team (her age group).

Since then, Bridey was offered a position in the Australian U13 Girls Futsal team to travel to Barcelona in 2018. She is very much looking forward to competing in Brisbane with the OHS Girls Futsal team next month. Well done Bridey!

## Teapot examples from 9B Art.

This semester Year 9 Visual Arts students explored and demonstrated an understanding of the Modern Art Movements through creating a teapot. Students began by constructing a clay teapot, it was then bisque fired in the kiln before being painted to create an interesting artwork.
